## CLINIC ON WHEELS (COW)

A Charity Health Care initiative of Ernakulam Karayogam

Ernakulam Karayogam, a voluntary not for profit, social, cultural and charitable organisation has completed glorious 96 years of service to the community. With a mark in charity and social service to the community and an array of prestigious institutions, Ernakulam Karayogam adorns a very dominant position in the social and cultural scenes of Ernakulam. Be it education, health care, housing and other welfare services, Ernakulam Karayogam has always been on the forefront and has left no stone unturned in the arena of social and charitable services.

Adding yet another feather to its cap, Ernakulam Karayogam has set up a mobile medical clinic, named as Clinic on Wheels (COW) as a part of its vision to provide quality health care to the needy people in remote villages on the outskirts of Ernakulam District and adjacent area of Alleppey and Trichur Districts. The COW is to be equipped with state-of-art medical facilities and also have a medical team. COW intend to improve the health standards of the rural mass and the quality of living of people in remote areas, which will in turn benefit the society at large.

## OUR FACILITIES

- Medical team consisting of Doctors in all specialities of medicine
- A well-equipped lab with diagnostic facilities
- Ambient consultation space
- Medicine dispensation centre
- Ambulance service for transportation of patients to nearby locations in case of emergency
- RCH services and also referral linkage to appropriate higher medical facilities
- The medical team is equipped to provide point of care diagnostics of blood glucose, pregnancy testing, urine microscopy, albumin, diabetes and vision testing and detection of cancer
- Health awareness programmes in the field of child health, geriatric and communicable diseases will be conducted so as to educate the community on life style changes and its health impact
- The project will be operational in association with local NGOs.
- The entire health care service is free of cost.

## OUR MEDICAL PARTNER

The Medical partner of the project is Lakshmi Hospital, Ernakulam .Lakshmi Hospital was established on 18th of May, 1979 by Dr KKR Wariyar and his wife Dr Santha Wariyar. Started with 6 beds and three doctors, the hospital has grown to a 200 bed facility including 50 ICU beds at Ernakulam offering tertiary care in all major departments and having sub centres at Aluva (100beds), Thiruvairanikulam (Polyclinic) and Tripunithura (Ayurveda 50 beds ). The hospital is accredited both by NABH & NABL for quality.
